

Senior Researcher Position in NMR-Based Metabolomics at the Ohio State University

A position is open immediately for a Senior Researcher in the field of NMR-based Metabolomics. This hire will be part of a team of NMR staff scientists at the CCIC NMR center (<http://www.ccic.ohio-state.edu/nmr>) on OSU main campus in Columbus, Ohio, USA. This is a 3-year position with possibility of extension (salary range: \$65,000 - \$70,000 per year).

The successful candidate has extensive experience and a strong publication record in NMR and metabolomics. This hire will provide service and develop collaborations with existing and new NMR users from multiple colleges at OSU and its affiliates in the area of NMR-based metabolomics. This hire will also participate in the training of graduate students and postdocs, be an instructor at CCIC workshops, carry responsibilities in the maintenance of the NMR facility, and interact with other CCIC research staff, etc.

More information about this position and detailed instructions how to apply online can be found at: <https://www.jobsatosu.com/postings/76356>
