

ASSISTANT PROFESSOR of ANALYTICAL CHEMISTRY

The **Department of Chemistry** at the **University of Florida** invites applications for a nine-month, tenure-track **ASSISTANT PROFESSOR** position in **ANALYTICAL CHEMISTRY** to begin in August 2018 as part of UF's Preeminence Initiative in Metabolomics. Research interests in analytical techniques for the separation and characterization of small molecules of biological and biomedical significance are of particular interest. UF and the Department of Chemistry are committed to increasing faculty diversity, and candidates from underrepresented groups are particularly encouraged to apply. Successful applicants will be well supported with start-up resources and lab space, and will be associated with the NIH-funded Southeast Center for Integrated Metabolomics (www.secim.ufl.edu). Candidates must have earned a PhD in chemistry or relevant discipline. They must be prepared to establish their own independent, extramurally funded research program and maintain a strong commitment to scholarship and teaching.

The deadline for applications is **OCTOBER 25, 2017**. Applications must be submitted through Careers at UF at <http://explore.jobs.ufl.edu/cw/en-us/job/503597/> and include: a cover letter, curriculum vitae, description of future research plans and teaching philosophy. Candidates must arrange to have three letters of recommendation sent on their behalf by October 25, 2017, to: Analytical Faculty Search Committee, c/o Prof Rick Yost, Department of Chemistry, University of Florida, Gainesville, FL 32611-7200, ryost@ufl.edu.
